#1	<p>New Logo Announcement!</p> <p>Stump This had a makeover and we are very proud and excited to release our new brand!</p>
#2	<p>Did You Know?</p> <p>You might need to hang a “No Vacancy” sign by your tree stump! Stumps are used by a variety of insects as a safe haven, including termites, ants & beetles.</p>
#3	<p>How We Do It?</p> <p>Using state of the art equipment we mulch up the stump, and grind it down to 6 – 8 inches below ground level to prevent future tree growth. <i>(Use Before and After Photo On Website 12.13.19)</i> http://www.stumphis.com/gallery/</p>
#4	<p>What Happens If I Dont Remove It?</p> <p>If a stump isn't properly removed, it will continue to grow deeper and cause further damage to the yard, as well as unsightly top growth which makes it harder to remove in the future.</p>
#5	<p>On the Job</p> <p>This massive Bois D Arc stump was no match for machines! <i>Refer to photo from http://www.stumphis.com/gallery/</i> <i>Job photo 2.10.20</i></p>

#2	<p>Meet Jason Donaghe</p> <p>Stump This! Is owned by a former Safety Officer in the off-shore oil & gas industry, who also has 20+ years of service to the public as a Paramedic in North Texas. Choosing to pursue his passion of the outdoors, he opened his own business to support the public in a different manor. As a hands-on owner, Jason will be involved with every stage of the job to ensure complete customer satisfaction.</p> <p>Use Photo from: http://www.stumpthis.com/about/</p>
#3	<p>How We Do It?</p> <p>Using a three step process, we make sure that the stump is removed, grinded and covered to ensure it is killed off at the source.</p> <p>http://www.stumpthis.com/services/</p> <p><i>(Use Before and After Photo On Website 12.13.19)</i> http://www.stumpthis.com/gallery/</p>
